Gist of the Event:

Speaker delivered Concepts on “**How to Crack CIVIL Services & Groups Exams**” and covered following Concepts:

Awareness camp about Civil Services & Groups Examinations

Generally technical students choose their career in software and private sectors. There is no long life in these sectors because there may be fluctuations in the companies .Due to this reason students may not be settle in his/her life. So that we are conducting program to bring awareness among technical students about Civil services and Groups examinations. Technical students can easily achieve this civil target if they put some interest because they have more technical, reasoning, aptitude..Etc knowledge

Program target: we discuss on below tasks

1. Communication skills
2. Technical skills
3. Interview skills

Guests are delivering the lecture to students
