Respected Sir

Please find below the email received from Wipro to nominate faculty for Training

We must nominate one per college but 2 people will be picked on the basis of lottery

In this regard we kindly request you to please nominate one CSE faculty from each college by 4pm today

Regards

Dear Sir,

Further to our previous email on Talent Next initiative, request you to kindly forward one faculty member from CMRCET, CMRIT, CMRTC, CMREC.

We want them to take a quick assessment of our new framework before we enable the TalentNext program, test should be taken individually so that the feedback from the faculty would be good.

The test would happen on Wednesday or Thursday this week, the schedule will be given by tomorrow.

Important Note : This communication is specifically for your college. We have learnt in the past that these kind of communications are forwarded to outside groups has open many unwanted conversations.

In order to avoid such incidents, we want to reiterate this, seeking your kind cooperation. We have identified your college based on NTH performance in different levels in the process.

Sl.No.	College Name	Location	Faculty name	Department	Total Years of Exp in teaching	Contact	Email

Dear Academic Partners,

We would like to appreciate your support and active participation in the National Talent Hunt 2018-19. Based on your college's performance in the national talent hunt, we are pleased to include your institution for our Talent next initiative 2019.

**Wipro TalentNext** is a unique initiative framed towards strengthening our relationship with academia, aiming at an overall enhancement in corporate readiness of the students.

Over the last three years, the Talent Next initiative has been well received by our Academic Partners and has yielded good number of **Wipro** Certified Faculties and ready to deploy candidates.

While we start preparing for this year Talentnext engagement, we would like to invite your HODs to attend the pedagogy sessions to elevate the teaching standards to another level and to go deep with our faculty and student development. For the pedagogy training, incase the HOD has already attended the Mission10X program in the past may not nominate for this session.

TalentNext training for the faculty members would start in the month of May'19 where they would be called to Wipro Locations for two weeks in house training followed by a remote project and assessment, post which the faculty will be awarded Wipro Certified Faculty. The WCF would be given enough orientation on training students of 2020 grads on digital skills.

Looking forward to your continued support.
