To: Mahesh K <kmaheshcse@cmrtc.ac.in>, <mahesh.cse@cmrtc.ac.in>, <nagendrakumar.cse@cmrtc.ac.in>, <madhukar.cse@cmrtc.ac.in>, <udaykiran.cse@cmrtc.ac.in>, <sivajyothi.it@cmrtc.ac.in>, <mohanbabu.ds@cmrtc.ac.in>, <rameshb.ds@cmrtc.ac.in>

Dear Faculty Members, I just wanted to provide an update here for your applications. Please find its status below. Almost all of your applications have been approved except for **Prof. Mahesh Kotha** and we are going to get it approved soon. Until then, please refer to the next steps below the table and wait to hear back from us.

Faculty Name	Track Selected	Application Status	Training Status
Mahesh Kotha	Data Analyst	Application received, yet to be approved	Yet to start
Kesavarapu R.M Nagendra Kumar	Data Analyst	Application approved	Yet to start
G Madhukar	Associate Cloud Engineer	Application approved	Yet to start
A. Uday kumar	Associate Cloud Engineer	Application approved	Yet to start
M. Sivajyothi	Associate Cloud Engineer	Application approved	Yet to start
B. Mohan Babu	Data Analyst	Application approved	Yet to start
B. RAMESH	Data Analyst	Application approved	Yet to start
Ramesh Chegoni	Associate Cloud Engineer	Application approved	Yet to start

Faculty Members in GREEN - Since your applications are already approved, I request you to please **DO NOT** take any actions with your admin and training access and wait until other faculty members' applications are also approved. As any unapproved action may lead to **DISQUALIFICATION**.

Faculty Members in YELLOW - We have received your applications but they are yet to be approved. There are no further actions required from your end and please wait until you hear back from us.

Let me know if you have any questions or get stuck somewhere.

Regards,
Akshit Jain

Dear Faculty Members, thank you for your acknowledgements and track selections. Please find your selected tracks below. I hope you are now briefed on the program and how it looks. Now all you need to do is follow the steps given below the table and submit your application for the program.

Faculty Name	Track Selected
Mahesh Kotha	Data Analyst

Kesavarapu R.M Nagendra Kumar	Data Analyst
B. Mohan Babu	Data Analyst
B. RAMESH	Data Analyst
G Madhukar	Associate Cloud Engineer
A. Uday kumar	Associate Cloud Engineer
M. Sivajyothi	Associate Cloud Engineer

Next steps for you - "Apply for the program"

Please use the instructions given below and apply for the program so that we can invite you for your faculty training and a new track can be created for you on Coursera and we can add students there. *(Note: If you have already completed the faculty training, then you DO NOT need to do it again.)*

1. Make an account on [Coursera](#) using the email address that you have provided to us. *(Skip this step if you already have an account)*
2. Make an account on [Google Cloud Skills Boost \(previously Qwiklabs\)](#) using the email address that you have provided to us. *(Skip this step if you already have an account)*
3. Submit your applications for the Google Cloud Career Readiness program using the steps for your selected track below:
 1. For Associate Cloud Engineer (ACE) Track, follow the instructions [here](#).
 2. For Data Analyst (DA) Track, follow the instructions [here](#).
 3. **IMPORTANT** - Only use the email ID that you submitted to us while submitting your application otherwise your application might get rejected.
 4. It can take 2-3 days for your application to be approved
4. We will let you know once your application is approved.

Let me know if you have any questions.

Regards,
Akshit Jain

Dear Faculty Members, this is just a gentle reminder for you to submit your acknowledgement and track selections as per our previous email so that we can move forward to the next step in the onboarding process. We have **NOT YET RECEIVED** the same from any faculty member involved in the process and cannot move forward until we do. So please share it ASAP so that we can go to the next step.

Regards,
Akshit Jain

Dear Faculty Members @CMR Technical Campus,

Thank you so much for your confirmation and interest in the career readiness program. You will be having a virtual self-paced onboarding experience via emails here. So please carefully read the information provided below and follow the next steps in the process. All the best.

To get yourself onboarded, please read the information for the 2 tracks in the career readiness program - "Associate Cloud Engineer" or "Data Analytics" given below **VERY CAREFULLY** and take the steps that follow. Please feel free to reply back to this email should you have any questions.

Information about the Associate Cloud Engineer (ACE) Track

Read about the program and it's offerings in our public deck (presentation) [here](#). Points to note in the deck:

1. The first 2 offerings of the program - Coursera & Google Cloud Skills Boost (previously Qwiklabs) are completely FREE of cost for the students & institutions.
2. [OPTIONAL] The 3rd offering - Associate Cloud Engineer exam is a world renowned exam offered directly by Google. *(no 3rd party involved like Coursera)* and students who successfully complete the first 2

Information about the Data Analyst (DA) Track

Read about the program and it's offerings in our public deck (presentation) [here](#). Points to note in the deck:

1. The 2 offerings of the program - Coursera & Google Cloud Skills Boost (previously Qwiklabs) are completely FREE of cost for the students & institutions.
2. No associate level certification is available here.

Common information about the onboarding process

1. We allow 25 students to be onboarded per faculty member per institution. We use a small test called "Cloud Study Jam" to select the top 25 students from your institution. *(Please read the next point on it's details)*
2. How are faculty members and students onboarded in the program?
 1. In order to onboard the students, the faculty members first have to complete the Coursera specialization *(5 courses in case of ACE track & 4 courses in case of DA track)* in 1 month from the day they receive the access.
 2. Faculty members will be given access to a Google form using which they have to select the student interest from their institution. *(You can invite as many students here as you want)*
 3. After they share the student interest with Google, Google will send them the test email that they will be required to complete in 1 week.
 4. Finally, we will onboard the students who clear the test for the program. *(Students will get 4 month access to the program to complete their own Coursera specialization and Google Cloud Skills Boost (previously Qwiklabs) curriculum)*

Next Steps

If you have understood all the details, then please reply back to this email with your acknowledgement and the track you are interested in i.e. "**Acknowledged - ACE Track**" or "**Acknowledged - DA Track**" and we will share the information on how to get started with your applications. If you have multiple faculty members, then you can decide amongst yourselves if you all want to go for the same tracks or different tracks. We offer that flexibility.

We are excited to have you onboard to become a part of the Google Cloud Career Readiness program.

Regards,
Akshit
