## DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

### REPORT

1) **Session Title:** “Innovation /Prototype Validation – Converting into a Start-Up”

**(2) Description:**

The Innovation /Prototype Validation – Converting into a Start-Up and had diversified from a majorly a Software solutions company to a product manufacturing company. The expert shared the entire journey of how they and their team converted an idea right from the ideation stage to a prototype and then from a prototype to an actual startup. The expert shared all the stages involved from prototype development to conversion into a commercial startup through this practical example which ensured that the students could relate to the concept and understand the process of converting a prototype into a commercially viable startup.

(4) **Session Theme:** Innovation And Design Thinking

(5) **Organized on:** 17/8/2022

(6) **Organized as :** IIC Driven Activity 4.0

(7) **Keywords:** Sketches and Diagrams
