News Letter A.Y 2022-23

CMR TECHNICAL CAMPUS
UGC AUTONOMUS

Kandlakoya (v), Medchal Road, Hyderabad-501401
Permanently Affiliated to JNTUH, Accredited by
NBA, Approved by AICTE, New Delhi, NAAC-A,
Nirf

Message from Chairman's Desk

Shri C.Gopal Reddy Chairman

It is rightly said by our Bharat Ratna, Dr. APJ Abdul Kalam “Dream is not that which you see while sleeping, it is something that does not let you sleep.” Yes!!! Indeed, it was my dream, goal and ambition, to establish a Knowledge Center, a Temple of learning, i.e., “CMR Group of Institutions”, which can be witnessed today on sprawling area of 70 acres on Medchal Road, Hyderabad. Currently under CMR Group of Institutions, which was established in the year 2002, have 04 Engineering Colleges and 01 Pharmacy College with over 16000 students studying in various streams of Engineering, Management and Pharmacy. The thirst for Excellence & Service has never subdued among us, thus we wish to make deeper inroads in the field of education by venturing into university, named “CMR Global University”, which will be seeing the light of day soon.

As it is said, Rome is not built in a day; CMR is also not built in a day. 20years of dedication, commitment and hard work has resulted in CMR Group of Institutions. One of the strength of CMRGI is its strong Alumni. Till date, CMRGI has successfully produced over 18000 Engineers and 4500 Managers and 1200 Pharmacists. As the Tagline of the Group goes, “Think Placements, Think CMR”, we have been the pioneers in training and placing the students in many reputed companies with good packages. I feel proud to see my students”, donning prominent roles in many of the reputed companies.

Message from Secretary's Desk

Smt. C. Vasantha Latha
Secretary

As narrated by Swami Vivekananda, **“We want the education by which character is formed, the strength of mind is increased, the intellect is expanded, and by which one can stand on one’s own feet”**, we at CMR Technical Campus, believe quality education has the power to transform not only individuals but societies and the nation in large.

Our endeavor at CMRTC is to provide the right blend of education and all such necessary components which make students stay in the campus fruitful. The existence of various associations and Clubs, Departmental Associations, Professional Chapters in the campus ensure all-round development which an individual requires. Being in the field of Education for more than a decade, I strongly feel, **Education is the key for women to achieve economic independence**. CMRTC strongly supports women’s education and all such measures for their safety are taken care by our well functional Women Empowerment Cell of the institute.

I extend a warm welcome to Engineering and Management aspirants to join CMR Technical Campus.

About Director

Dr. A. Raji Reddy
Professor & Director

Dr. A. Raji Reddy, is a 1990 Batch Mechanical Engineer from Nagpur University. He obtained his Masters Degree from Regional Engineering College [NIT] Warangal in the year 1992 and Doctoral degree from Osmania University in Mechanical Engineering with Solar Energy as specialization in the year 2008.

In his **28 years of service**, he has served in various capacities of administration, research, and academic roles. He even has two years of **Industrial experiences in M/s. Ashok Ley Land Ltd.,** (Ductron Casting Unit), Uppal, Hyderabad.

Currently he has **10 Patents filed** on his name and is Investigator of **03 Research Projects** to the tune of **Rs. 90 Lakh as Grant** from Govt. of India. He has successfully guided **10 M. Tech Projects** and is currently guiding **03 Research Scholars for their Ph.D.** His research areas include solar thermal applications, Biomass conversion technologies, solar cooking and Heat transfer. There are over **40 Research Articles** to his credit in peer reviewed & reputed Journals & Conferences. He is reviewer of few Elsevier published Journals.

Recognitions and awards have been part of his career, which highlights the dedication and commitment he has laid down in fulfilling the responsibilities assigned to him. He is entitled as life member of Indian Society for Technical Education, Solar Energy Society of India and International Solar Energy Society of India. It was indeed an avenue to receive an **award from Deputy Chief Minister of Telangana** for effective leadership qualities in 2018. He received **“Acharya Ratna” Award** from Indian Servers in the year 2019.

About Dean Administration

Dr. M. Ahmed Ali Baig

Professor & Dean Administration

Dr. M. Ahmed Ali Baig has obtained **Bachelor of Engineering [B.E] in Mechanical Engineering** and Master of Technology [M. Tech] in **Energy Systems Engineering**, from B.V.B College of Engineering & Technology, Visvesvaraya Technological University (VTU), Belgaum, Karnataka; **Ph.D.** degree from Jawaharlal Nehru Technological University, Hyderabad [JNTUH], in the year **2014**.

He has published over 100 papers in International/National Journals/Conferences and attended more than 30 Workshops/FDP"s in various institutions across the country. He has 12 patents filed to his credit. He is carrying out a research Project as Co-Investigator which is granted by DST, Govt. of India. Dr. Baig is on Editorial/ Reviewer Board for various Journals/ Conferences of repute. He received **“Outstanding Contribution in Reviewing”** award from Editors of Applied Thermal Engineering Journal, Elsevier. His research interests include Energy Systems, Fluid Mechanics, Sudden Expansion Flows, Non-Conventional Energy Sources, Heat Transfer through Porous Media and 3D Printing. He is member of Professional/ International bodies like ISTE, SSWR, SESI, NSFMP and few others. Mentored a team, which participated consecutively two times in National Convention of **AICTE-Chhatra Vishwakarma Awards** held at AICTE HQ, New Delhi.

Dean (Academics) plays an important role in framing of Academic Regulations, Syllabus, Academic Calendar and effective conduct of class work in coordination with Head of Departments and Department Academic coordinators.

About Dean (R & D)

Dr. Ashutosh Saxena
Professor & Dean (R & D)

Dr. Ashutosh Saxena is an industry expert and academician with over two decades of experience, 100+ international publications, 30+ filed Patents out of which 26 are US Granted Patents, and a book on PKI: Concept, Design and Deployment (Tata McGraw Hill 2004) to his credit. His research interest is in the areas of Information Security and Privacy. He worked at IUC-DAE facilities at Indore, IDRBT Hyderabad and supervised two PhD Scholars. He served as Adjunct Faculty at NIT Warangal. He Joined Infosys in June 2006 and worked as Principal Research Scientist & AVP, at Infosys Labs, Hyderabad (till Sep. 2016). He is Five times winner of the Infosys Excellence Award. In 2014 he received Award for maximum publishing in CSI-Communication from Computer Society of India. He earned a Master of Science (1990), Master of Technology (1992), and a Doctorate (PhD) in computer science (1999) from DAVV, Indore, and has qualified CSIR-UGC examination. He also received the BOYSCAST Post- Doctoral Fellowship (2001 – 2002) from Ministry of Science and Technology, Government of India, to conduct research at Information Security Research Centre, Queensland University of Technology, Australia. He is Life Member of Computer Society of India, Life Member of Cryptology Research Society of India and Senior Member of IEEE Computer Society.

Dean (R&D) plays an active role in framing guidelines for R& D policies like IPR policy, Consultancy policy, Publication Reward policy and their execution. He also guides faculty and students in preparing Project Proposals, Patents, Establishment of Start Ups and Incubation Center. He is assisted by R&D coordinators, one from each department.

About Dean Academics

Dr. D T V Dharmajee Rao
Professor of CSE & Dean Academics

Dr. D.T.V. Dharmajee Rao is currently working as Professor in the Department of Computer Science and Engineering and Dean (Academics) at CMR Technical Campus, Kandlakoya (V), Medchal Road, Hyderabad-501401. He received B.Tech. degree in Computer Science and Engineering in 1993 and M.Tech. degree in Computer Science and Technology in 2001 from Andhra University Visakhapatnam and Ph.D. degree in Computer Science and Engineering on the topic “Computational Acceleration of Deep Neural Network Training Algorithm for Data Classification” in 2020 from JNT University, Kakinada, Andhra Pradesh.

He has over 26 years of teaching experience. During his teaching career, he taught various subjects like AIML, Data Mining, Computer Networks, Database Management Systems, Operating Systems, C, C++, and JAVA Programming, etc.

He got published more than 24 papers in National, International Conferences and Journals. His current Research interests include Artificial Intelligence, Machine Learning, Deep Learning, Data Mining and High Performance Computing (OpenMP, MPI, PThreads, CBLAS, CUBLAS, and CUDA). He guided 38 B.Tech. Students Project Batches and 20 M.Tech. Students. He played active role in organizing a couple of FDPs, seminars and conferences in the field of Computer Science and Engineering, convened various technical and cultural fests and annual day celebrations successfully. Further, he has actively monitored entire campus ICT Networking process for several years in previous organization.

He involved and played a key role in four cycles of NBA, two cycles of NAAC accreditation processes and also in two cycles UGC Autonomous status during his previous service. He is a paper setter for various private Engineering colleges. He is Life Member of various Professional bodies like ISTE (LM 55943), CSI (00174203), IE (I) (M-145250-3).

Dean (Academics) plays an important role in framing of Academic Regulations, Syllabus, Academic Calendar and effective conduct of class work in coordination with Head of Departments and Department Academic coordinators.

About Dean Training & Placement

Dr. K. Srujan Raju
Professor & Dean of Training and Placement

Dr K Srujan Raju is currently working as Dean Training and Placement and Heading Department of Computer Science & Engineering at CMR Technical Campus. He obtained his Doctorate in Computer Science in the area of Network Security. He has more than **20 years** of experience in academics and research. His research interest areas include Computer Networks, Information Security, Data Mining, Cognitive Radio Networks, and Image Processing.

Dr. Srujan Raju worked on 2 projects funded by Government of India under CSRI & NSTMIS has also filed **12 patents**, **1 copyright** and **1 Patent** granted at **Indian Patent Office**, edited more than 24 books published by Springer Book Proceedings of AISC series, LAIS series and other which are indexed by Scopus also authored books in C Programming & Data Structure. I am immensely delighted to inform everyone CSE department of our college has doing great in all aspects and the results were quite encouraging. We all certainly know that this is the collective effort of all of us. Let all of us be the strong pillars of the institute in taking it further great heights and make every student come out in flying colors, In future as well as, we shall strive to bring new dawn in the student's lives. Finally, I thank and congratulate all the stakeholders for achieving success.

About the Department - IT

Information Technology is one of the top performing departments of the Institute and the most sought over branch by the students. This program is designed to provide students with the fundamentals of computer science, both hardware, and software, and the application of Engineering concepts, Techniques, and Methods to both computer systems Engineering and Software system design. Computer science and engineering students will learn about basic engineering techniques, which include Engineering Mathematics, Physics, Chemistry, and Engineering drawing during First Year. From the second year onward they are exposed to core computer science subjects like programming, data structures, Digital logic, Theoretical computer science, Algorithms, Computer networks, Operating systems, Web technologies, Databases and Computer Architecture are few to mention.

The department proudly boasts the presence of its Alumni in many reputed Companies like SAP, WIPRO, INFOSYS, etc. with package varying from 8 to 15 Lakhs per Annum. Not only Alumni, the current students have also let the head of Department high by wining many competitions across the country like Hackathons, Codethons, Poster presentations, Paper presentations and many more. The department has even mentored the students to the stage of 'APP Developers' through 'Patent filers'.

About Head of the Department

Dr. B Kavitha Rani
Professor & HOD

Kavitha Rani Balmuri completed her M.Tech in Computer Science and Engineering from JNTUH University, Hyderabad in 2009 and PhD in Computer Science and Engineering from JNTUK University, Kakinada, Andhrapradesh, India, in the year 2015.. She has authored three Books, published 42 international journal and conference papers. She is a member of many professional bodies. Her research interests include natural language processing, information retrieval, deep learning and artificial intelligence.

Vision of the Department

To produce technically proficient and skilled graduates in information technology and to prepare them to meet the needs of industry and society in a holistic learning environment

Mission of the Department

- To prepare students with the essential knowledge and contemporary abilities for solving emerging technological problems.
- To train the students on cutting – edge computing facilities with industry interaction to enhance in practical exposure to real world situations.
- To enhance the leadership qualities and team spirit with social values to serve the society.

Program Educational Objectives (PEOs)

Sl. No.	Program Educational Objectives (PEOs)
PEO-01	Acquire comprehensive understanding of emerging technologies to succeed in lifelong learning
PEO-02	Use design and develop concepts in construction of software systems.
PEO-03	To implement learned technical skills and knowledge for the benefit of society

Program Outcomes (POs)

Sl. No.	Program Outcomes(POs)
PO-01	Engineering Knowledge: An ability to apply knowledge of Science, Mathematics, Engineering & Computing fundamentals for the solutions of Complex Engineering problems.
PO-02	Problem Analysis: An ability to identify, formulate and analyze complex engineering problems using first principles of mathematics and engineering sciences.
PO-03	Design/development of solutions: An ability to design solutions to complex process to meet desired needs.
PO-04	Conduct Investigations of complex problems: An ability to use research-based knowledge and methods including design of experiments to provide valid conclusions.
PO-05	Modern tool usage: An ability to use appropriate techniques, skills and tools necessary for computing practice.

PO-06	The engineer and society: An ability to apply to reason informed by the contextual knowledge to assess social issues & responsibilities relevant to the professional engineering practice.
PO-07	Environment and sustainability: An ability to understand the impact of engineering solutions in a global, economic, environmental, and societal context with sustainability.
PO-08	Ethics: An understanding of professional, ethical, social issues and responsibilities.
PO-09	Individual and team work: An ability to function as an individual, and as a member or leader in diverse teams and in multidisciplinary settings.
PO-10	Communication: An ability to communicate effectively on complex engineering activities within the engineering community.
PO-11	Project management and finance: An ability to Demonstrate and understanding of the engineering and management principles as a member and leader in a team.
PO-12	Life-long learning: An ability to engage in independent and lifelong learning in the context of technological change

Program Specific Outcomes (PSOs)

Sl. No.	Program Specific Outcomes(PSOs)
PSO-01	Apply basic knowledge to analyze multi disciplinary problems for performing investigations in long-term progress.
PSO-02	Analyze, design and develop various models by using modern tools for the purpose of deploying the projects in solving real time problems.
PSO-03	Enhance technical and communication skills with societal ethics for lifelong learning

Faculty Details

The department has qualified and well-experienced faculty with Post Graduate and Doctoral Degree in the field of Computer Science and Engineering and Information Technology. Faculty members are actively involved in research Activities in the fields of their specialization. They have published a good number of research papers in International / National Journals and Conferences.

LEXIS CLUB REPORT

CMRCET MUN 2023

EVENT REPORT

FEEDBACK

CMRCET MUN' 23

-SRIHITHA& NIKHIL

CMR College of Engineering and Technology conducted the **CMRCET MUN** from 20th January'23 to 22nd January'23.

Model United Nations (Model UN / MUN) is a simulation of United Nations procedures. Participants role-play as UN delegates and engage in negotiations, discussions and lively debates, the cornerstones of UN activity.

ITINERARY

As mentioned, the event took place for 3 days, and the following are the itineraries for the respective days.

ITINERARY

DAY-1 Business Formals

9:00am - 11:00am	-	Registrations
11:00am - 12:00pm	-	Opening Ceremony
12:00pm - 1:30pm	-	Lunch
1:30pm - 3:30pm	-	Session 1
3:30pm - 4:00pm	-	High Tea
4:00pm - 5:30pm	-	Session 2

COMMITTEES

COMMITTEES

AGENDA

The following are the agendas that were discussed in each committee. By Day-3, every committee agreed on a solution for their respective problems.

AGENDAS

UNODC - 1. Combatting organised crime with special emphasis on Narcotics
2. Illicit Money laundering and financing of the non-state actors.

AIPPM - 1. Discussing the socio-political situation of Marginalized communities in India
2. Discussing the electoral reforms in India

DISEC - Discussion on combating the threats to international peace and maritime security with special emphasis on the Indian Ocean and South China Sea region

UNHRC - Discussing the human rights concerns arising from the Russia - Ukraine War

DAY -I

The day started off with all of us gathering at the basketball ground, and then we went into the CMRCET campus to get our Registrations done. Upon doing our registrations, we got a delegate kit. After that, there was an Opening Ceremony where they explained to us the process of things. Then we proceeded to our respective committees.

DAY - I

DAY – II

Day-II was quite similar to Day-I, we all went to our respective committees and tried our best to find a diplomatic solution for the problems that were risen.

DAY - II

After the committee sessions, there were socials where we could interact with everyone informally and have fun. There was music and food stalls, etc. Our lexians have also performed in the Open Mic session that happened during the socials.

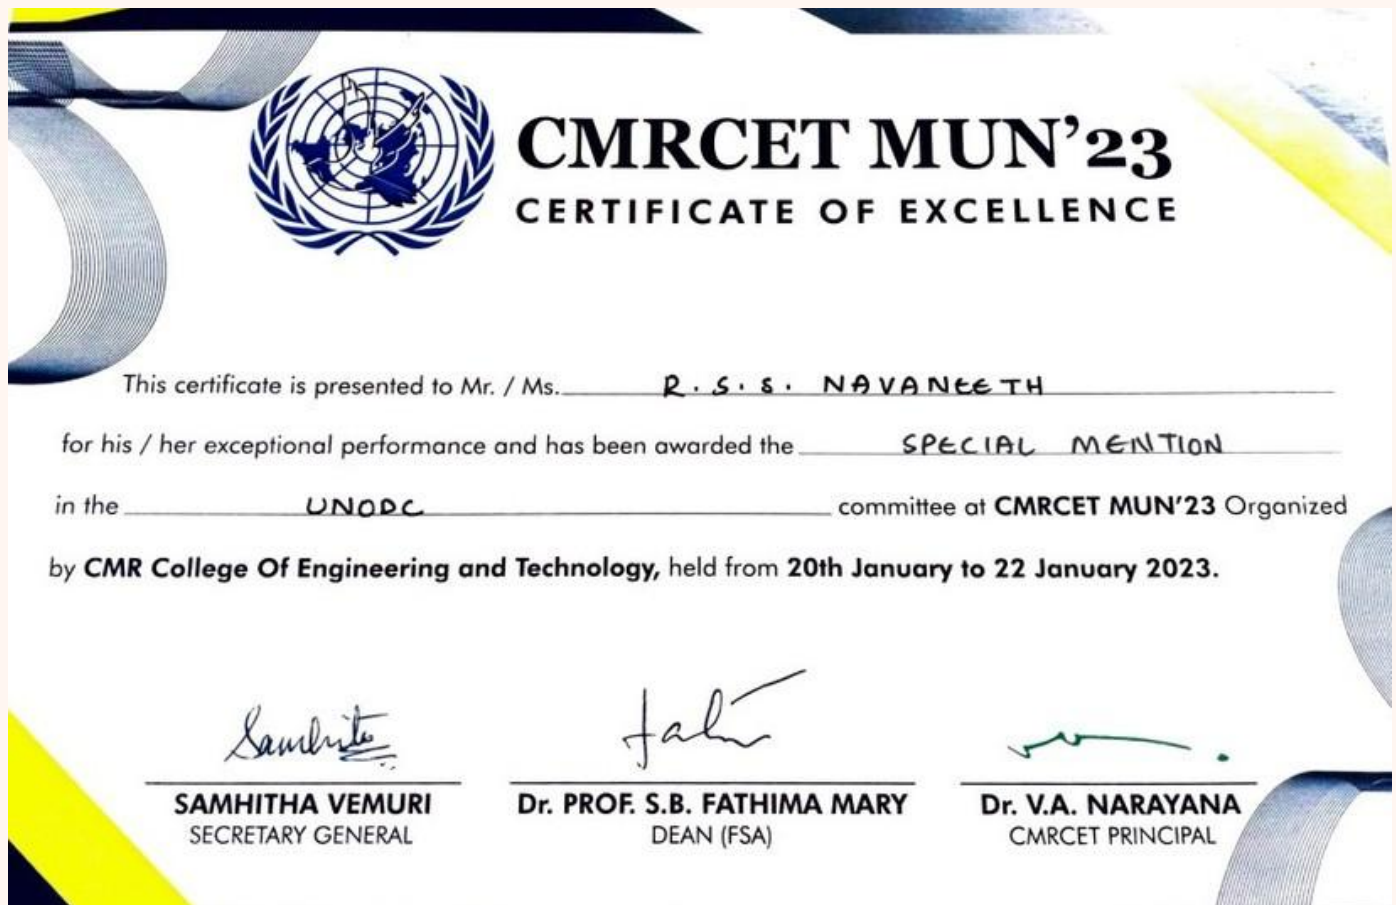

DAY - III

On day- III, the final day everyone in our committee have to draft a resolution for solving the issue that was discussed in the committee so far. After everything was done, it was time for the closing ceremony where the winners werementioned and we bagged 7 prizes.

- Sneha.K (IInd year CSE) - Honourable MentionVairab Patra (IInd year CSE) - Special MentionNavaneeth (IIIrd year CSM) - Special

FEEDBACK

For me, CMRCET MUN was like a memorable one where I learned what MUN was cause it was my first time. Apart from everything what I got to know, what MUN is, was a group of people trying representing each country come together to solve the world issues on particular agenda in respective committees. As I was in the International Press committee I learned how the press works crucially in transporting the information of what all has happened to the public in a crystal clear way. It was very well informed and looking forward to participate in such events which helps us to be aware of what's happening in and out of our country.

– Sai Sneha (IInd year CSE)

It was a really great experience as a first timer. The three days of the CMRCET MUN were really informative and was a lot of fun. This MUN was spectacular and also got to know how the real MUN works. I learnt how to research, speech, how to negotiate and also drafting skills and also it helped me to build my network.

– M. Akhila (IInd year CSE)

FEEDBACK

I ' ve represented the Federative Republic of Brazil in UNODC. Though I had well-versed knowledge about the country' s stance, policies and position in drugs and crime, it was a pretty tough job to defend a country that' s leading in organized crime. For me MUN is a political problem solving game that enables a delegate to practice diplomacy. The committee was a success which came up with 2 Draft Resolutions out of which one passed. I ' ve been a sponsor in a DR which was scraped due to inefficiency in the solutions but still I ' ve learnt more about organized crime in different nations during my research.

- Navaneeth (IIIInd year CSM)

Cmrcet MUN was organized very well.. And the facilities were very good.. transportation was a little problematic and eb was experienced one so it went in a smooth way.

- Sindhu Sharma (IIInd year CSM)

FEEDBACK

The Model United Nations (MUN) conference held by CMRCET campus in 2023 was a resounding success, with students from various colleges participating in the event. The students from CMR Technical Campus took part in the conference with great enthusiasm, representing various countries and engaging in stimulating debates and discussions. The event was a great learning experience for them, providing them with a platform to hone their skills in diplomacy, negotiation, and public speaking. The students from CMR Technical Campus were able to demonstrate their knowledge and expertise, winning multiple awards and mentions in various categories. Overall, the MUN conference was an enriching experience for the students, providing them with the opportunity to showcase their talents and learn from their peers.

- Diwakar Sastry (IInd year CSG)
