Vision:

- To impart quality education in serene atmosphere thus strive for excellence in Technology and Research.

Mission:

- To create state of art facilities for effective Teaching - Learning Process.
- Pursue and Disseminate Knowledge based research to meet the needs of Industry & Society.
- Infuse Professional, Ethical and Societal values among Learning Community.

About us

CMR Technical Campus, established in the year 2009, under aegis of CMR Technical Education Society is an UGC Autonomous institute with NBA and NAAC accreditation with 'A' grade. The institute received an All India Rank of 201-250 Band in National Institutional Ranking Framework (NIRF-2021 & 2022) and Excellent Band in Atal Ranking of Institutions on Innovation Achievements (ARIIA-2021). The lush green Campus, situated in Kandlakoya, Medchal Road has been first choice option to both Urban and Rural students of Telangana. With well-established Teaching & Learning processes, the students are imparted the best of the technological knowledge.

Research and Innovation has been integral part of the institute, which is evident from the Research Grants received, Collaborations, MoUs and Research Centres, the institute possess. Existence of NSS Unit, NCC Unit, Sahaya Club verily demonstrate the fulfilment of social responsibilities by the institute and induction of social values among its students and faculty. The state of art facilities and training with respect to Sports has fetched many awards and laurels to the institute. The various Clubs present in the institute has ensured that all the components which are required for a student to spend a quality time in the institute are being served. As the Tagline of the institute goes, "Think Placements, Think CMR", CMRTC has been the pioneer in training and placing the students in many reputed companies with good packages. CMRTC is a place, where quality is never compromised, working locally to serve globally.

Core Values:

The CMR Technical Campus is guided by the following core values in delivering its mission and pursuing its vision.

- Accountability:** Demonstrate responsibility for our actions; establish and communicate clearly defined and articulated goals and objectives.
- Benchmark:** To develop and pursue high standards by encouraging skill development and entrepreneurship to meet industry and society needs.
- Commitment:** Focus on students and stakeholders needs; continuously evaluate and improve academics, research and infrastructure.
- Dignity:** Recognize the expertise of all members of the institute and encourage individual contribution and also include stakeholders in the decisions that affect them.

There are over 40 papers to his credit in peer reviewed & reputed International Journals, Conferences & National Conferences. He is reviewer of Elsevier Journals.

Our Strength

I strongly believe **human resource** is as important as infrastructure. Our strength is our faculty and team of administration. The average faculty experience in the institute is above 10 years. We have a good faculty student ratio of 1:15, which enables us to take up mentoring process effectively. Today, we boast mentoring as one of the biggest strength of our institute, wherein every student is well connected to faculty, right from the day of inception to the day of graduation.

Think Placements... Think CMR

Training and Placement Cell [T&P Cell] was introduced with a vision to excel and to create a global opportunity for every student and ensure that their skills are properly identified and are oriented in the right direction. Since 2011, the department has been successful in inviting reputed companies every year for the selection of students.

EMERGING TECHNOLOGIES

CSE - AI&ML

This program aims to develop graduates to explore the frontiers of artificial intelligence and machine learning. The program will prepare the students to implement intelligent systems like driver less cars, AI chatbots.

Career Opportunities:

- Machine Learning Engineer
- AI Engineer
- Business Intelligence Developer
- Robotics Scientist
- Robotic Process Automation Developer
- AI Based App Developer

CSE - DATA SCIENCE [CSE-DS]

Data Science is the study of data. It is about extracting, analyzing, visualizing, managing and storing data to create insights. These insights help the companies to make powerful data-driven decisions.

- Global data science platform market size is expected to grow from USD 37.9 billion in 2019 to USD 140.9 billion by 2024.
