Orientation 2k23

**EVENT REPORT
FEEDBACK**

lexis orientation drive'23

-Angelina, Leo, Mahitha, Vaishnavi.

The lexis orientation event was conducted by the Lexis Club on 15th April 2023. It was held in the D - Block Auditorium from 1 PM to 4 PM.

We welcomed our baby lexians to the enchanting world of words and imagination! we were thrilled to share with them the unforgettable experience of our esteemed Literary Club's inaugural event. As the attendees stepped through the doors, a sense of anticipation filled the air, and they were instantly transported to a realm where prose danced with poetry, and stories came alive. The event became a celebration of the written word, an ode to the power of storytelling, and a gathering of like-minded souls who shared a deep appreciation for literature.

EXPERIENCE SPEECHES

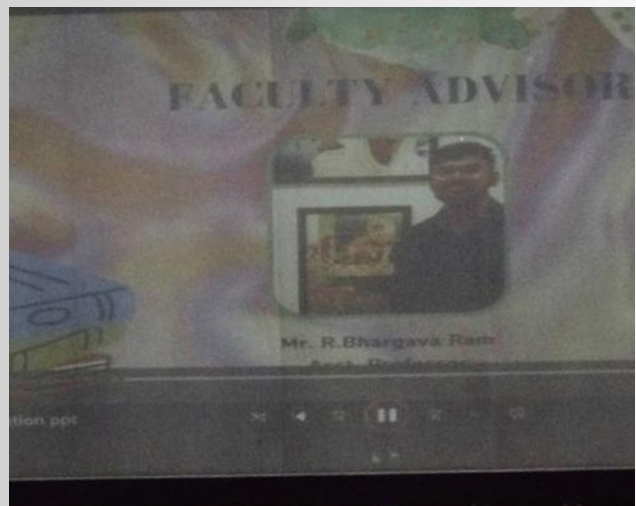

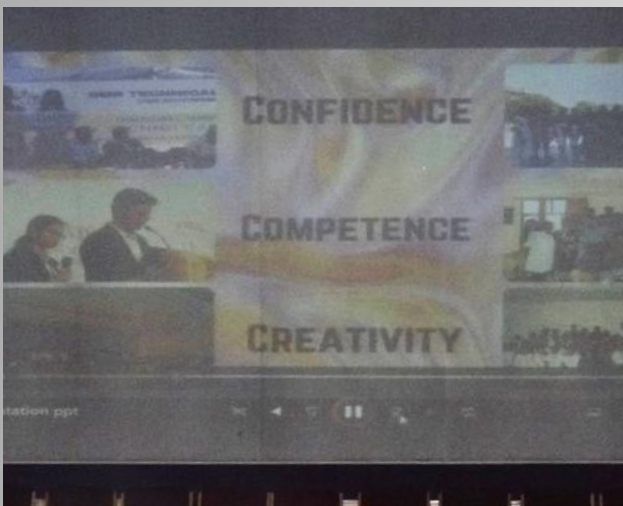

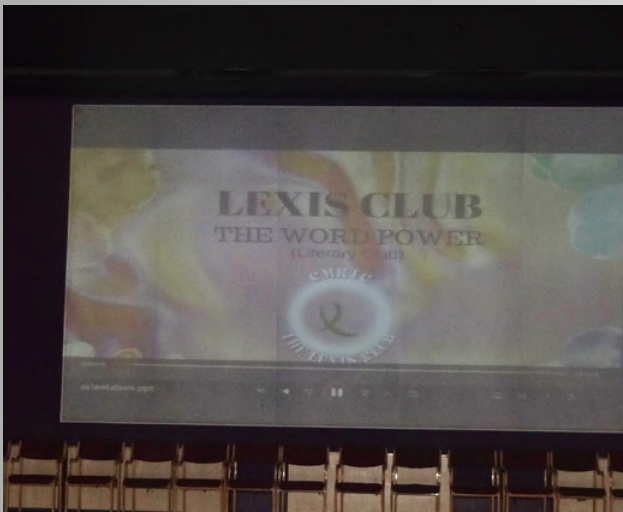

The individuals who served as hosts for the event were Navneeth and Vedhamukhi. The event kicked off with the introduction of the club. Followed by some inspiring words from our faculty advisor, Bhargava Ram sir. Who then gave us the insights of the achievements of the club.

Our club members recounted their experiences as Vivek from 4th year Btech, Megha from 3rd year Btech and Sindhu from 2nd year Btech came up to the stage and reminisced their experiences.

THE PROCESS

To give our baby lexians an insight into our club, we gave them a little presentation and a glimpse of our events, and our achievements and experiences.

The event continued with our former president, Prithvi addressing the crowd which was enlightening.

Then came the most awaited part of the event , the oath taking ceremony. We all held candles in our hands with pride and were ready to set off our journey with the baby lexians.

With that being done the event was taken up by Mahitha, Diwakar and Saha who led us into the part part of the evening . We've has fun events like singing, beatboxing and standup comedy done by our very talented lexians. An open mic was also held to learn about the new talents. And undoubtedly many new talents were discovered.
