Year: 2019

DEPARTMENT OF INFORMATION TECHNOLOGY

REPORT

Session Topic: Skill Development Program

1. Objective of the Program: Skill Development Program : related to NodeJS and ReactJS that provides the ability to automatically learn and improve in developing web designing from experience without being explicitly programmed. NodeJS focuses on the development of web designing without the usage of Browsers that can access data and use it to learn for themselves.

2. Benefits/Outcome of the Program: Participants learnt about development of their thinking, what is critical thinking and also learnt what the importance of it in our life is. They even learnt about which is powerful thinking. Few examples of it.
