IETE STUDENT FORUM CMR TECHNICAL CAMPUS EVENT REPORT

TITLE: “AWARENESS ABOUT THE IMPORTANCE OF POLLUTION CONTROL AND EDUCATE PEOPLE ON HOW TO PREVENT POLLUTION”

1. Objective

To create awareness on pollution impact on the nation and control measures to be adopted to mitigate the effects, on the occasion of National Pollution Prevention Day December 02 2023.

2. Event Outcomes

Students are able to know the factors for pollution upsurge
Improvement in the cognitive thinking and presentation methods
Betterment in communication skills
Responsible professional behaviour and societal proactiveness

3. Description

The Competition event is organized by IETE Student Forum of CMR Technical Campus in association with Institutions Innovation Council. The students are to submit a short audio or video clip of three minutes presenting orally what is pollution, causes for it, effects of increased air and water pollution, and the ways of overcoming these problems by using engineering and professional practices. This is a PODCAST competition among students to improve their oral expressive skills. Many students actively submitted their podcast recordings to the google form link supplied in the brochure of the event. All the audio and video clips were sent to the Jury Evaluators and first three positions were nominated based on the content quality and relevance to the competition title. All the participated students were given certificate of participation and the first three positions were rewarded with prizes. This event showcased competency in oral presentation skills and answerable professional advancements.

4. Organized on: 02-12-2023
