DEPARTMENT OF CIVIL ENGINEERING

REPORT

Department of Civil Engineering in association with Institution's Innovation Council (IIC 4.0), CMR Technical Campus conducted awareness session on **“intellectual property rights”**.

1. Objective of the Program

- To create student awareness about the benefits of intellectual property among all sections of society
- To stimulate the creation and growth of intellectual property by undertaking relevant measures
- To have strong and effective laws with regards to ip rights consistent with international obligations
- To modernise and strengthen of IP administration
- Capacity development by strengthening and expanding human resources, institutions for training, research and skill building in IP

2. Benefits /Outcome of the Program

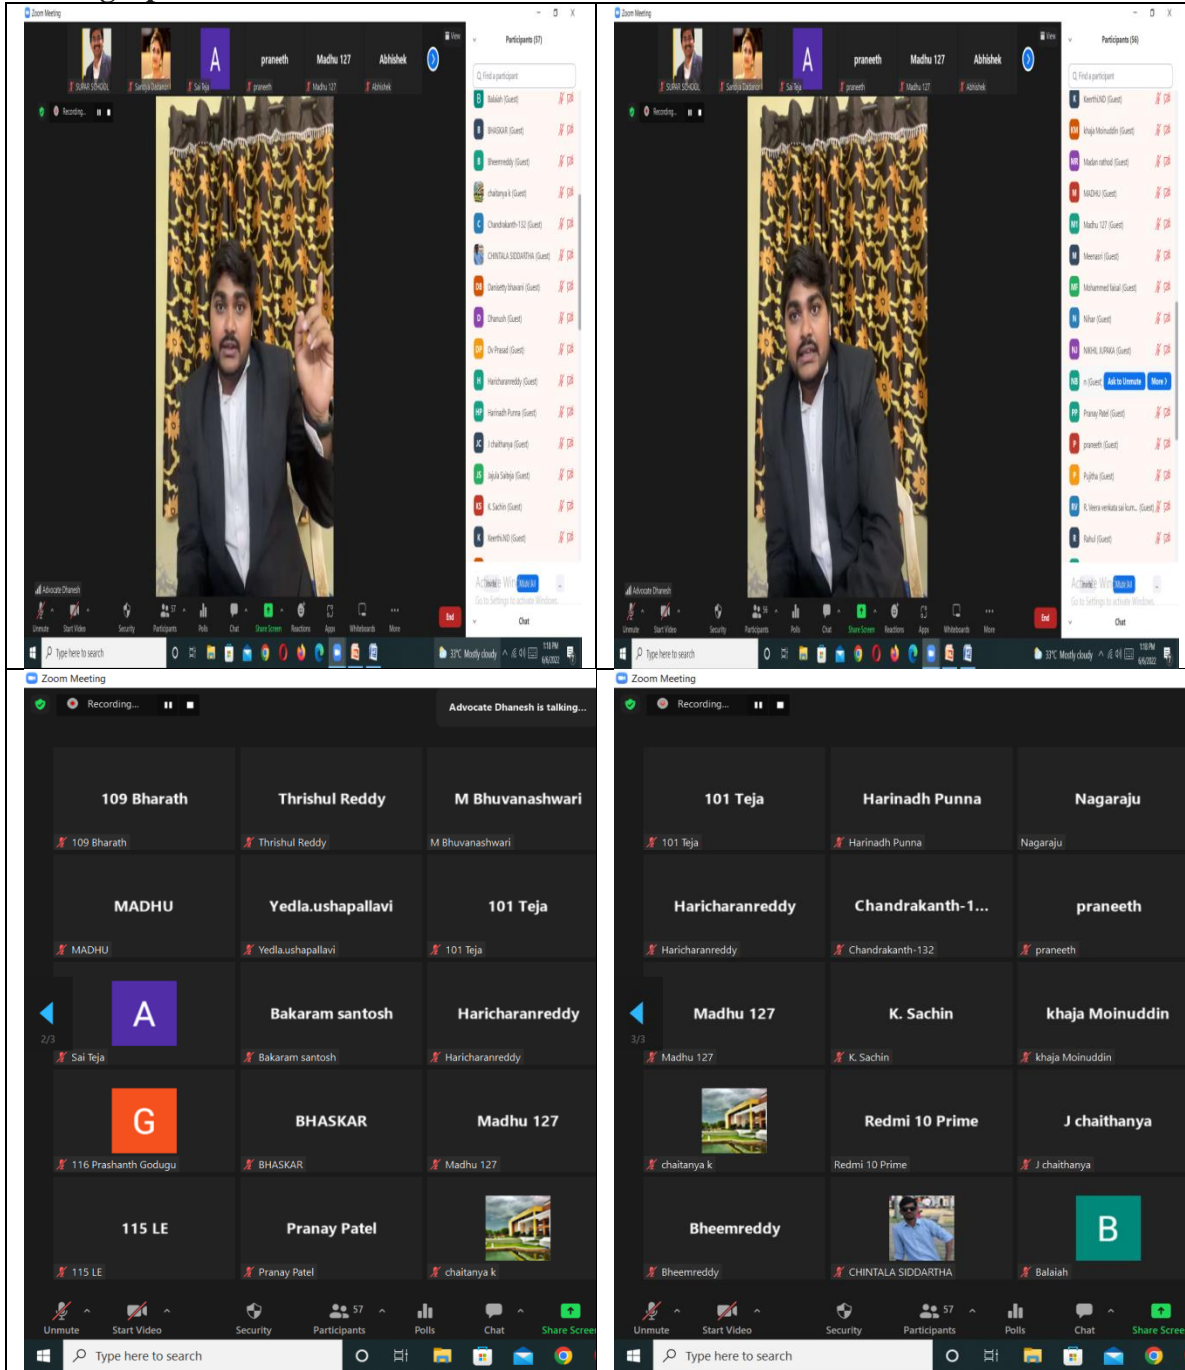

- Students would be able to create a licensing –friendly environment and the obvious overall impact of ipr on discrete industry market expansion are strengthened
- The negative market power effect of discrete and codified technology also clearly increased by strong ipr
- Students would be able to create their own protection such as licensing ,better collaboration and funding opportunities
