TRAINING AND PLACEMENT CELL

A full fledged training and placement wing established to arrange placements along with soft skills training. T&P cell was introduced with vision to excel and to create a global opportunity for every student and ensure that his/her skills are properly identified and are oriented in the right direction. Placements have been initiated right from the first batch. Since then the department has been successful in inviting reputed companies every year for the selection of our students. Industry-Institute collaboration is an integral part of our cell.
