NATIONAL SCIENCE DAY-2023
REPORT

DEPARTMENT OF HUMANITIES AND SCIENCES

National Science Day Event, Institution's Innovation Council (IIC 5.0), Ministry of Education (MOE's), Govt. of India.

National Science Day 2023 Theme:

The theme of national science day 2023 is "Global Science for Global Wellbeing," which reflects the nation's increasing international visibility and significance

Objective of the Program:

- National Science Day's objective is to encourage students to pursue science careers. Dr C.V. Raman was a prominent scientist who was born on November 7, 1888, in Tamil Nadu. He made numerous contributions to science.
- To understand the importance of Raman Effect for which C.V. Raman received Nobel prize in 1930 for his work on scattering of light.
- It is celebrated with an aim to motivate students to take part in the field of Science and Technology.
- To understand application and challenges in the field of Science by remembering the efforts of scientists who contributed immensely in this field for the welfare of human being.

Benefits /Outcome of the Program:

- Students understood that the day 28 February is celebrated on the name of historic Indian physicist, CV Raman.
- Hands on experience on various science projects that are exhibited on this day.
- Students have been motivated to take part in essay writing competition on the theme of National science day -2023 "Global Science for Global Wellbeing".
