

EVENT REPORT ON

Drone Usage in Various Fields, with specific inference to agriculture

Date of the event Held: 23/02/2024

Organizer: Robotics Club, Dept of ECE, CMR Technical Campus.

Venue/Place: Room no:-002, D Block

Number of students Participants (students and Staff): 120

Description about the Event: It is a Drone Student Training Program that offers a dynamic learning experience, guiding participants through the fundamentals of this powerful Drone. Drones, also known as Unmanned Aerial Vehicles (UAVs) or Unmanned Aircraft Systems (UAS), are aircraft without a human pilot aboard. They can be controlled remotely by a human operator or autonomously by onboard computers. It is a one day Workshop Conducted on 23rd February 2024, Almost 120 students from ECE dept shown interest to participate in this workshop and Trainer from NIPHM and Marut Drone Academy Trained the students very Well. Students participated and Learnt a lot from the workshop like How Drone Operates and How to Control Drone, etc
