## Mission

To offer a platform where academics, researchers, students, and medical professionals can use artificial intelligence tools to conduct their research study.

## Vision

To be at the forefront of the AI Revolution and in integrating Health Care Industry and Academia using Artificial Intelligence to design intelligent engineering systems for precise medical diagnostics.

**Artificial Intelligence Medical and Engineering Researchers Society comprises medical doctors, engineers, industry researchers, academic researchers, professionals, academicians, and students dedicated to conducting scientific study in the fields of biosciences and medicine by utilizing artificial intelligence.**

## AIMERS

Artificial Intelligence Medical and Engineering Researchers Society

## About AIMERS

AIMERS is a hub for collaboration and innovation, uniting researchers, academicians, and practitioners from all fields to investigate the numerous opportunities where AI, medical, and engineering cross.

## The Leadership

Mr D. Sai Satish, President, AIMERS and CEO, Indian Servers

## Board of Members

Comprises doctors, researchers and academicians

## Institutional Members

Signed MoUs with 100+ Institutions which include JNTU Hyderabad, JNTU Kakinada, Acharya Nagarjuna University, Andhra Pradesh State Council for Higher Education (APSCHE) etc.,

## MESSAGE

*“I dream of a Digital India where high-speed Digital Highways unite the nation.”*

- *Narendra Modi*

The World has changed a lot within a decade as various businesses and industries have to adapt rapidly transforming technologies by their way to engage with customers and interact with automation partners. Latest technology has made drastic revolution in various sectors through active usage of computer technology, automation and artificial intelligence as well.

I am much pleased to learn that **Artificial Intelligence Medical & Engineering Researchers Society (AIMERS)** is being created to empower India's health sector with the latest AI advancements with the spirit of **Atmanirbhar Bharat**. It is a pride moment for this group to launch the event on this Diwali. I, hereby convey my best wishes to **Team-AIMERS** and the participants for their service oriented activities in healthcare sector towards the society and their bright future.

(Bhupendra Patel)

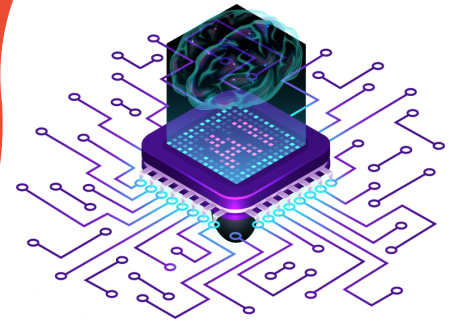

## AIMERS aspires to

- Connect doctors with academicians pursuing research using Artificial Intelligence.
- Provide Internships and Training Programs to Students interested in AI tools used in Health Care Industry.
- Create a platform to design intelligent engineering systems using AI for precise medical diagnostics.
- To aid medical professionals and practitioners viz., pathologists, dermatologists, ophthalmologists, radiologists, in making prompt decisions and to suggest precise diagnosis by collaborating their work with academic researchers.
- To collaborate in innovative projects and provide research opportunities.

**AIMERS is a specialized technical professional society that works closely with academicians and doctors i.e., researchers and health care industry only to empower the Health Sector in our country.**

# Convenor's Message

AIMERS AWARDS -2024

“On behalf of AIMERS - Artificial Intelligence Medical and Engineering Researchers Society, I am thrilled and honoured to extend my heartfelt congratulations to all the distinguished academic awardees, research awardees, and recipients of lifetime achievement awards. Your exceptional contributions to academia and research have not only propelled knowledge forward but have also inspired countless individuals in your profession and beyond.

Your unwavering dedication, enthusiasm, passion, and constant commitment to excellence are an inspiration for us to strive for higher achievements. This recognition is a testament to your outstanding achievements and the significant impact you have made in your specific areas of expertise. May this honor serve as a source of pride and motivation as you continue your journey of excellence, innovation, creativity, and discovery.

Warmest congratulations once again on this well-deserved honor!!!”
