

EVENT REPORT ON NATIONAL ROAD SAFETY WEEK

Date of the event Held: 11TH TO 17TH JAN 2024

Organizer: NSS CMRTC

Program officer: M SAAHUL

Venue/Place: CMRTC

Number of students Participants: 35+

Description about the Event: National Road Safety Week is observed annually in India to raise awareness about road safety and promote safe driving practices. During this week-long campaign, various activities such as workshops, seminars, and awareness drives are conducted to educate the public about traffic rules, wearing helmets and seat belts, and avoiding drunk driving. The goal is to reduce road accidents and fatalities by encouraging responsible behaviour among motorists, pedestrians, and other road users.

In view of this NSS Unit of CMRTC arranged various traffic sign boards around the campus for the safety of the students.
