# **ROLE OF INTELLECTUAL PROPERTY RIGHTS IN STRENGTHENING INNOVATIONS**

**In association with**

**IETE STUDENT FORUM AND INSTITUTIONS INNOVATION Council(IIC 6.0)**

### **1. Objective**

To make the students aware about the Intellectual Property Rights on innovations, and how to apply for IPR registration by self and through Institution.

### **2. Event Outcomes**

Knowledge about various intellectual properties  
Importance of IPR registration for new innovations  
various intellectual property right Acts  
Rules and regulations on IPR registration

### **3. Description**

This event was organized by ECE Department in association with IETE Student Forum and Institutions Innovation Council, CMR Technical Campus. Intellectual property rights (IPR) are the legal privileges granted to the inventor or creator to safeguard their intellectual work (in the arts, sciences, literature, etc.) for a specific period of time. The objective of intellectual property protection is to encourage the creativity of the human mind for the benefit of all and to ensure that the benefits arising from exploiting a creation benefit the creator. The event was a guest lecture on the IPR in innovations for students. Many students participated in the event and interactive questionnaire was conducted by the resource person to make the students learning more attractive and interesting. Some student got their doubts regarding various IPR entities like patents, trademarks, copyrights, logos, etc. The program was helpful to the students as they came to know the importance of IPR registrations for their innovations when doing projects etc.
