DEPARTMENT OF INFORMATION TECHNOLOGY in association with Institution's Innovation Council (IIC 6.0) Conducted Poster presentation Contest in view of National Technology Day 2024

REPORT

NATIONAL TECHNOLOGY DAY 2024

Session Topic: SIGNIFICANT MILESTONE IN THE COUNTRY'S HISTORY OF TECHNOLOGICAL INNOVATIONS

Objective of the Program :This event served to commemorate the nation's dynamic technological achievements and to inspire young minds to explore technology . To learn from India's remarkable scientific achievements.

Benefits /Outcome of the Program: This day glorifies the importance of science in day-to-day life and motivates us to adopt science as a field of career.

Description: The term technology has been derived from the Greek words **techne and logos**. **Techne means the skill required to craft something** and **logos stands for knowledge** or discussion about something. Technology thus means the **use of knowledge to create something to enhance life**. Several big and small things we use in our day-to-day lives have been an outcome of technological development.

Every year, **National Technology Day is celebrated across India on May 11; being commemorated to memorize the anniversary of Shakti, the Pokhran nuclear test held on 11 May 1998**. Notably, on this day, India successfully tested Shakti-I nuclear missile at the Indian Army's Pokhran Test Range in Rajasthan.Now technologies play an important role in human life. Thanks to modern technology, a lot of burdens have been lifted from our shoulders and we have more time and energy to do what we want to. We celebrated this day by conducting e-poster presentation contest and distributed prizes for the selected students.
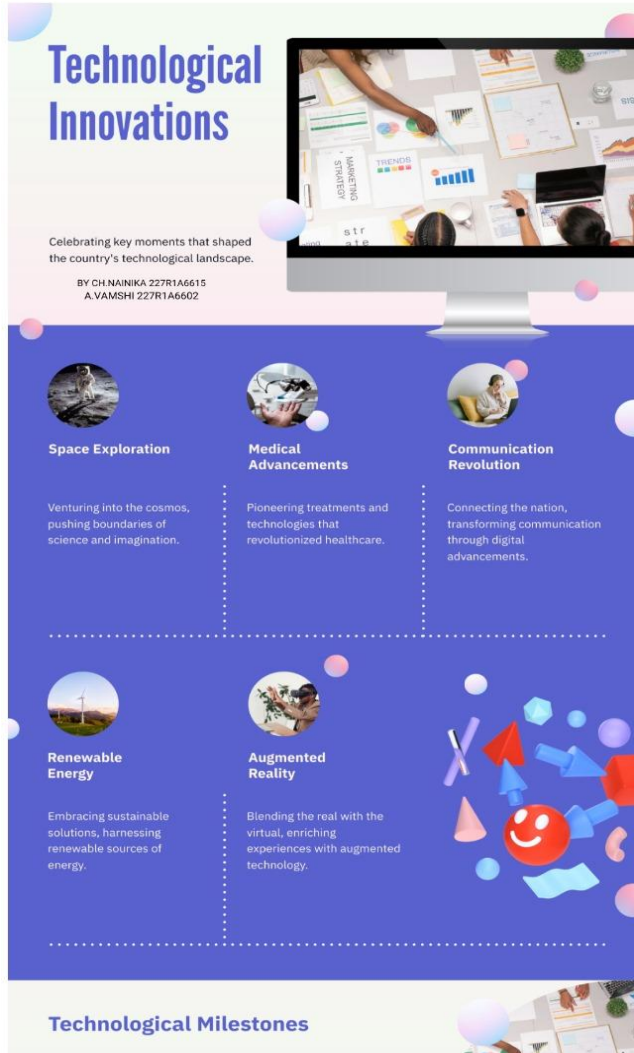

Organized on: 11-05-2024

Student Participants number: 103

Faculty Participants number: 5

Expenditure amount if any: 1800

1. Photographs (5 to 6)

NATIONAL TECHNOLOGY DAY-1ˢᵗ PRIZE   NATIONALTECHNOLOGY DAY-2ⁿᵈ PRIZE

2. Poster:
