

DEPARTMENT OF CSE(AI & ML)

Report

Department of CSE (AI&ML) in association with Institution's Innovation Council (IIC 6.0), Ministry of Education (MOE's), Govt.of India, Celebrated "**World Environment Day**" on 5th June 2024 at 09:20 am to 04:00 pm, Venue - Room No - 119, B-Block.

1. Objective of the Program

- To raise awareness and encourage action for the protection of our environment.
- The day serves as a global platform for public outreach, drawing attention to pressing environmental issues and fostering collaboration among governments, businesses, non-governmental organizations, and individuals.
- The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises, and communities in preserving and enhancing the environment.

2. Benefits/Outcome of the Program

- World Environment Day helped frame the loss of terrestrial ecosystems as the planet-wide crisis it is.
- The land restoration, desertification and drought resilience theme, the 2024 day will draw more attention to the critical intersection of these themes with energy and sustainability.
- In everything from high-level meetings to school field trips, experts, educators and people emphasized how often-simple acts of restoration can transform landscapes marred by climate change, biodiversity loss, pollution and other drivers of degradation.
- Land restoration can be the golden thread that ties together action and ambition across these three important gatherings, Nations can weave this thread by linking their climate pledges and national biodiversity strategies and action plans with land degradation neutrality commitments.

Student Participants number: 104

Faculty Participants number: 9
