

EVENT REPORT ON INFOSYS SPRING BOARD MAKER LAB ON WHEELS

Date of the event Held: Infosys Spring board Maker Lab on wheels

Organizer: 17-10-2024 to 19-10-2024

Venue/Place: CMRTC campus and Kandlakoi village

Number of students Participants (Students): 270

Description about the Event: The Infosys Springboard Maker Lab on Wheels event was held from October 17 to October 19, 2024, organized by the Innovative Club of CMRTC. The event took place at the CMRTC campus and Kandlakoi village, with a total of 270 participants, including both faculty and students. Esteemed guests, including the Director, Deans, and Heads of Departments, addressed the attendees. The key highlight was an awareness program on the Infosys Springboard platform presented by J.C. Santhosh Garu, Founder and Chairman. He showcased the prototypes and simulations of IoT and Robotics applications, providing students with insights into the latest technologies. The event successfully encouraged students to explore innovative solutions and gain practical knowledge in the fields of IoT and Robotics.
