

EVENT REPORT ON NATIONAL SMALL INDUSTRIES CORPORATION (NSIC) VISIT

Date of the event Held: 13-11-2024 and 14-11-2024

Organizer: Intelli Club of CMRTC

Venue/Place: Industrial Visit NSIC, Hyderabad

Number of students Participants (students and Staff):148

Description about the Event:

The Intelli Club of CMRTC organized an industrial visit to the National Small Industries Corporation (NSIC) in Hyderabad on 13th and 14th November 2024. The visit included 148 participants from the engineering program, providing them with practical exposure to small-scale industry operations and innovations. NSIC employees conducted a presentation, explaining the organization's mission, support mechanisms for small businesses, and relevant government initiatives. Following the presentation, students toured the facility and observed various prototypes developed by NSIC, gaining insights into cutting-edge technologies and industrial applications. This experience enabled students to connect classroom theory with industry practices, sparking interest in entrepreneurship and innovative design. The visit was both informative and inspiring, enhancing participants' understanding of industry dynamics.
