Department of Electronics and Communication Engineering

EVENT REPORT

TITLE: “AWARENESS ABOUT THE IMPORTANCE OF POLLUTION CONTROL AND EDUCATE PEOPLE ON HOW TO PREVENT POLLUTION”

1. Objective

The program is aimed to create awareness among students on the importance of pollution control and celebrating National Pollution Prevention Day on 2nd December, 2024.

2. Event Outcomes

- Students understand the problems of increasing pollution in India.
- Students are able to know the factors for pollution upsurge
- Improvement in the cognitive thinking and presentation methods
- Betterment in communication skills
- Responsible professional behaviour and societal proactiveness.

3. Description

The students are to submit a short audio or video clip of three minutes presenting orally what is pollution, causes for it, effects of increased air and water pollution, and the ways of overcoming these problems by using engineering and professional practices. This is a PODCAST competition among students to improve their oral expressive skills. Many students actively submitted their podcast recordings to the google form link supplied in the brochure of the event. All the audio and video clips were sent to the Jury Evaluators and first three positions were nominated based on the content quality and relevance to the competition title. All the participated students were given certificate of participation and the first three positions were rewarded with prizes. This event showcased competency in oral presentation skills and answerable professional advancements.

4. Organized on: 02-12-2023
