DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

REPORT

Session Topic: A Three-day “*Project Expo on 'Intra-Institutional Innovation Competition Yukti-2025'*”

Objective of the Program: This event's objectives to provide a platform and encourage the students to exhibit their innovative ideas in the form of working models, prototypes, etc.

Practical Application of Knowledge: Students can apply the theoretical concepts they have learned during their courses to real-world projects. This hands-on experience enhances their understanding of the subject and reinforces their technical skills.

Benefits/outcomes of the Program:

Improving their innovative spirit

It makes the transformation of theoretical knowledge into applications.

It enriches the knowledge of renewing technologies. Boosts curiosity of learning

Improves team management and problem-solving skills

Description:

The Department of Computer Science and Engineering (CSE) has organized a three-day “*Project Expo on 'Intra Institutional Innovation Competition Yukti-2025'*” in Collaboration with Institution’s Innovations Council (IIC 7.0), from 11-02-2025- 13-02-2025 at 10 AM in APJ ABDUL KALAM SEMINAR HALL ‘B’ Block Ground Floor.

The objective of this event is to provide a platform and encourage the students to exhibit their innovative ideas in the form of working models, prototypes etc. **Practical Application of Knowledge:** Students get an opportunity to apply the theoretical concepts they have learned during their courses to real-world projects. This hands-on experience enhances their understanding of the subject and reinforces their technical skills.

Participants from all the departments were involved in the project expo and exhibit their projects. Projects from different domains were presented in the project expo.

All the projects were selected in two categories, Hardware and Software, And all the working prototypes were exhibited and demonstrated at the project expo. The projects were reviewed by the expert's committee formed by various departments. The project panel, consisting of Dr. K. Maheshwari, Dr. K Bharath Kumar, Dr. M. Kishore Kumar, Dr. K. Mahesh, and Dr. Jaypal, evaluated the projects. The panel members were happy with the student's demonstration and interactions. Participants presented the PPT of the projects first and did the project demo to the review committee members and according to the presentation, content, demo, and relevance of the project to social and real- time applicability of the project, marks were awarded. The panel also appreciated the students and gave suggestions for taking the projects to the next level. The panel members shared their views on the education system and industry from different perspectives. Members suggested how advanced technologies should be introduced to the students so that they feel comfortable in the entry-level at industry.

Based on the marks, we have selected Three Best Performers in two categories and also provided **Cash Prize the top performers.**

Organized on: 11.02.2025 - 13.02.2025

Student Teams: 67

Student Participants: 191

Student Registration Details with timestamp: Attached

Faculty Participants: 10

Expenditure amount, if any: Rs.6250/(Provided Cash Prize, Top performers& Evaluator Certificates)

Photographs (5to6):
