**Note:**

• **Abstract Collection and Initial Scrutiny**

The respective Project/RTP Coordinators are responsible for collecting project abstracts and performing an initial review to ensure quality and relevance.

• **Meeting of Project Coordinators with PRC Head**

A formal meeting will be conducted with the PRC Head to determine a process for identifying duplicate titles, assessing methodology, and evaluating novelty. Approval or rejection decisions will be finalized in this meeting.

• **Pre-Review Notifications and Participation**

Project coordinators must inform the RTP A&B Coordinators and review sub-committee members (to the numbers mentioned) about upcoming reviews. They must ensure the presence of at least one or two sub-committee members and the respective guide during the review sessions. RTP Coordinators also informed to follow the same procedure for conducting review as mentioned.

• **Guide's Mandatory Presence**

Reviews should not take place without the presence of the assigned batch guide, ensuring proper guidance and continuity.

• **Student Responsibilities**

Students are required to bring their project diaries for every review session. They must document PRC queries and present solutions in subsequent reviews.
