DEPARTMENT OF INFORMATION TECHNOLOGY

REPORT

Session Topic:Organized an E-Poster Presentation Contest on “The Power of Progress Exploring Today's Tech” in view of NATIONAL TECHNOLOGY DAY in association with II C 7.0

- 1. Objective of the Program :** To promote scientific temper and inspire the younger generation to pursue careers in science, technology, engineering, and mathematics (STEM) fields. It is an occasion to create awareness about the importance of technology in addressing societal challenges and fostering economic growth and to provide a forum for scientists, entrepreneurs, and industry experts to exchange ideas, share knowledge, and discuss emerging trends in technology.
- 2. Benefits /Outcome of the Program:** It symbolizes India's technological achievements and serves as a reminder of the country's potential to drive innovation and progress. This day not only acknowledges past accomplishments but also encourages future advancements in science and technology. It inspires young minds to embrace scientific inquiry and pursue careers that will shape the future of the nation.
- 3. Description: National Technology Day** is a significant observance in India that celebrates and honors the achievements and advancements made in the field of technology. This day holds immense importance as it commemorates the successful nuclear tests conducted at Pokhran, Rajasthan, in 1998. It was on May 11 and 13 of that year when India showcased its scientific and technological prowess by conducting a series of underground nuclear tests, codenamed Operation Shakti. Every year on May 11, India celebrates National Technology Day with great enthusiasm and pride. The day serves as a platform to acknowledge and appreciate the contributions of scientists, engineers, researchers, and innovators who have made significant breakthroughs in various fields of science and technology.

National Technology Day encourages collaborations and partnerships between academia, industry, and the government. It emphasizes the importance of creating an ecosystem that supports research, innovation, and entrepreneurship. The government recognizes the significance of technology in nation-building and provides various initiatives, grants, and policies to promote research and development activities. So, in this day we conducted an E- Poster Presentation

contest with the theme of “The Power of Progress Exploring Today’s Tech”. Students performed very well and made the judges hard to take the decision for the winner up announcement.

4. Organized on:11-05-2025

5. Student Participants number:71
