Subject: Seeking Permission to Conduct NeuraX Hackathon – 2025

Respected Sir,

With due respect, we, the Department of Computer Science and Engineering (AI & ML), seek your kind permission to conduct NeuraX Hackathon – 2025, a 24-hour national-level hackathon aimed at fostering innovation, creativity, and problem-solving skills among students.

The hackathon is scheduled to be held on 20th & 21st September 2025 in our campus premises. Prior to the final event, Round-1 PPT submission will be conducted on 15th September 2025, and based on the evaluation, a merit list of shortlisted teams will be released on 19th September 2025.

The event will provide students a platform to build real-time solutions under mentorship, promoting teamwork, coding expertise, and entrepreneurial thinking.

Proposed Schedule of Events

15th September 2025 (Monday)

- Round-1: Idea Presentation (PPT Submission)

16th September 2025 (Friday)

- Announcement of shortlisted teams (Merit List)

20th September 2025 (Saturday)

- 09:20 AM – Inauguration Ceremony
- 10:00 AM – Hackathon Begins (Team coding & solution building)
- 02:00 PM – Lunch Break
- 03:00 PM – Continuation of Hackathon
- 07:00 PM – Evening Snacks & Refreshments
- 08:00 PM – Hackathon Continues (Night Coding Session)

21st September 2025 (Sunday)

- 08:00 AM – Breakfast
- 09:00 AM – Final Touch-ups and Submission of Projects
- 11:00 AM – Project Demonstrations & Evaluation by Judges
- 01:00 PM – Conclusion of Event

We assure you that all necessary arrangements regarding logistics, mentoring, and hospitality will be made with utmost responsibility by the department.

We kindly request your approval to host this prestigious event and motivate our students to innovate and excel.

Thanking you,

Yours sincerely,
Organizing Committee

NeuraX Hackathon 2025

Program Objectives:

- To encourage innovation by applying AI/ML, IoT, and software technologies to solve real-world challenges.
- To provide participants with hands-on experience in building scalable and impactful tech solutions.
- To showcase end-to-end workflows from ideation, prototyping, to deployment-ready solutions.
- To foster collaboration, creativity, and critical thinking among participants.
- To promote best practices in software development, data-driven decision making, and effective problem-solving.

Program Outcomes:

- Understand how to translate innovative ideas into working prototypes within a hackathon environment.
- Gain practical knowledge on integrating AI/ML, cloud, and web technologies into real-world solutions.
- Learn to create scalable, impactful applications that address industry and societal challenges.
- Develop teamwork, leadership, and problem-solving skills under time-bound conditions.
- Acquire the ability to present technical solutions effectively through storytelling and impactful demos.
