1. **Session Title:** Unlocking solutions: A workshop on effective problem solution

2. **Description:**

Problem-solving skills are not just a desirable trait; they are essential for navigating the complexities of the business world. A team with robust problem-solving abilities can navigate challenges, innovate, and contribute significantly to the organization's success. Whether it's overcoming operational hurdles, addressing customer concerns, or devising strategic plans, practical problem-solving skills form the bedrock of a high-performing team. By understanding these skills' pivotal role, entrepreneurs can prioritize their cultivation within their teams, fostering a culture of proactive solution-seeking rather than reactive firefighting. The workshop mainly focused on various aspects of Startup. Workshop was held on 26th of July 2025 around 2 PM. There were around 140 students of IT Department and account of 5 faculty members present in the workshop. The workshop created interest among students which could be helpful for acquiring vital insights about how to build an idea and strengthen our design assumptions for new startup.

3. **Objective:** Explore effective problem-solving workshops and activities designed to enhance skills through interactive learning, skilled facilitators, and engaging task
