
Department of Electronics and Communication Engineering
IIIC (7.0) EVENT REPORT

Session Topic: An expert session on “NEP 2020: Impact on Educational Industry” in view of 5th anniversary of National Educational Policy – 2020, on 29th July 2025 at 10:00 AM, Venue – 20 Abdul Kalam Hall, B-Block.

1. Objectives of the Program

- To commemorate the 5th anniversary of NEP 2020 and reflect on its vision and progress.
- To analyze the impact of NEP 2020 reforms on the educational industry.
- To create awareness among stakeholders about opportunities and challenges under NEP 2020.
- To encourage expert discussions and collaborations for effective future implementation.

2. Benefits /Outcome of the Program

- Participants will gain a deeper understanding of the vision, reforms, and transformative impact of NEP 2020. This will help them align with the policy's goals in both academic and industry contexts.
- The program will create awareness of opportunities for innovation, research, and skill-based learning. It will highlight how NEP 2020 bridges the gap between education and employability.
- Expert insights and case studies will provide practical guidance for effective implementation of NEP 2020. Institutions can adapt these strategies to improve curriculum, pedagogy, and assessment methods.
- The session will encourage collaboration between academia and industry for future-oriented education. Such partnerships will promote holistic learning, entrepreneurship, and sustainable growth.

3. Description

Key Features of the National Education Policy 2020

A number of important elements of the NEP 2020 are intended to revolutionize India's educational system. The most important aspects of the policy are as follows:

- i. **5+3+3+4 System:** A new 5+3+3+4 school education system is introduced in NEP 2020. The foundation stage (ages 3–8) will take up the first five years, after which there will be preparatory (ages 8–11), intermediate (ages 11–14), and secondary (ages 14–18) stages. The goal of this new approach is to provide students a solid foundation and guarantee that they have the abilities and information needed to be successful in their future coursework and employment.
- ii. **Multilingualism:** The strategy encourages schools to teach kids in their home tongue or regional language and highlights the value of multilingualism. Additionally, it seeks to advance the teaching of foreign languages and English, among other languages.
- iii. **Technology-enabled Learning:** The goal of NEP 2020 is to give all schools and institutions access to digital infrastructure and connectivity while highlighting the importance of technology in education. Additionally, it encourages the use of online resources, such as online courses, e-books, and e-learning materials.
- iv. **Teacher Training:** The goal of the policy is to raise the standard of teacher education in the nation while acknowledging the significance of teacher preparation. Its main goal is to provide educators the abilities and information they need to instruct in a classroom that is inclusive and varied.
- v. **Higher Education:** By encouraging research and innovation, creating new interdisciplinary institutions, and raising the Gross Enrollment Ratio (GER) in higher education, NEP 2020 seeks to revolutionize higher education in the nation.

4. Organised On: 29th July, 2025

5. Students Participants Number: 80

6. Faculty Participants Number :3

7. Expenditure amount if any: Rs. 1000
