

## **DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

### **EVENT REPORT**

#### **Session Topic: Intra-Startup Competition**

#### **1. Objective of the Program**

- The main objective of this programme is to improve students' knowledge and encourage them to compete in the competitive field.
- Providing a platform to exhibit their innovative startup ideas on healthcare, technology and sustainability.
- Demonstrating technical skills, presentation skills, management abilities, and teamwork.
- Interacting with faculty, industry professionals, and potential employers to build relationships and gain valuable insights
- Receiving constructive feedback on their ideas to enhance their learning and improve their work

#### **2. Benefits /Outcome of the Program**

- Gain experience in idea development, from conception to execution and presentation.
- Improve technical, analytical, and communication skills.
- Exposure to industry trends and networking with professionals.
- Potential to impress recruiters and secure job offers or internships.

**3. Description:** The main objective of the startup is to showcase student innovative solutions to the real world problems. It demonstrates student managerial, team work, participative, and communication skills. Idea presentation facilitates students to interact with students, potential employers etc. Students get constructive feedback to improve their projects to suit the industry needs. The program inspires other students to learn new innovative concepts.

The program was inaugurated by Head of the institute and head of the department in the morning 10:00 AM. All the batches were given slots in the labs where they had to display their projects. All the batches arrived on time and present at their respective lab spaces. All the other students, faculty, heads of departments were invited to visit and interact with the students apart from the expert panel constituted for selecting the best innovative project of the displayed ones. By afternoon 2:00 PM all the students and expert panel visited and technical questionnaire were done. Best idea were selected from the feedback and evaluation report given by the expert panel. In the next days, the best titles were given prizes and merit certificates. All the participants were provided participation certificates.

#### **4. Organized On: 6<sup>th</sup> June 2025**

## 5. Students Participants Number: 120 (Total 40 Teams)
