Student Sharks – The Ultimate Investment Showdown is a dynamic and competitive event where **students take on the role of sharks (investors) and bid on startup companies** based on their funding ask and offered equity.

Participants will receive virtual money and listen to startup pitches, then strategically place their bids to invest in the companies they believe have the most potential. The goal? **Build the most valuable portfolio** by making smart investment decisions, negotiating deals, and outbidding fellow sharks.

This event is designed to simulate real-world startup investing, encouraging **business analysis, negotiation skills, and entrepreneurial thinking** — all in a fun, high-energy format.

Conclusion:

Today's event wasn't just about pitching or investing — it was about students stepping into the shoes of real entrepreneurs and investors, experiencing the thrill of negotiation, the challenge of valuation, and the spirit of innovation.

We witnessed brilliant ideas, smart investments, and bold decisions. Our student sharks showed sharp thinking, and our startup teams displayed passion and creativity. Through this event, we've proved that entrepreneurship isn't just a subject—it's a mindset we're building right here on campus.

"Let this be the beginning of many more ventures, collaborations, and game-changing ideas. Thank you to all participants, sharks, and organizers for making this event a grand success. The future belongs to those who dare to dream—and today, you all did just that."
