

EVENT REPORT ON “Industrial Visit to Maker Global”

Date of the event Held: 10th January 2026

Organizer: Robotics Club, ECE, CMR Technical Campus, Kandlakoya, Hyderabad.

Venue/Place: Maker Global, Jagathgiri gutta Rd, Quthbullapur, Hyderabad

Number of students Participants (students and Staff): 70 students and 2 staff

Description about the Event:

An industrial visit to Maker Global, a reputed 3D printing company, was organized on 10th January 2026 to provide ECE students with practical exposure to modern manufacturing and prototyping technologies. A total of 70 students along with 2 faculty members participated in the visit.

During the session, Mr. Kamal and Mr. Selvam explained the fundamentals of 3D printing and the complete additive manufacturing workflow. They demonstrated two major techniques—Fused Deposition Modeling (FDM) and Stereolithography (SLA)—highlighting their working principles, materials used, and industrial applications.

An interactive question–answer session was held in which students clarified doubts related to 3D printing processes, materials, and career opportunities in the industry.

Outcome of the event: The industrial visit enhanced students’ understanding of modern manufacturing technologies. It helped them gain practical knowledge of 3D printing techniques and encouraged interest in innovation, prototyping, and industry-oriented learning.
