

EVENT REPORT ON “Evolving 3GPP Specs for 6G”

Date of the Event Held: 07th February 2026

Organizer: IETE & Robotics Club, ECE, CMR Technical Campus, Kandlakoya, Hyderabad.

Number of Participants (Students and Staff): 84

Description about the Event:

The Department of ECE, CMR Technical Campus, in association with Institution of Electronics and Telecommunication Engineers (IETE) and the Robotics Club, organized an Expert Talk on “Evolving 3GPP Specifications for 6G” on 07th February 2026. The session was delivered by **Sreerama Prathima** and was attended by around 120 students and faculty members.

The speaker briefly explained the evolution of mobile communication standards and the role of the **3rd Generation Partnership Project** in developing specifications for future networks. The session highlighted key aspects of **6G** technology and its potential applications in next-generation communication systems.

Outcome of the Event: The event enhanced students’ understanding of evolving wireless communication standards and the role of **3rd Generation Partnership Project** in shaping future networks. It also created awareness about emerging trends in **6G** technology and motivated students to pursue research and innovation in advanced communication systems.
