Description of the Event : On 12-04-2024, NSS volunteers from the ECE Department, in association with CMR Hospital, organized a medical camp at Gowdavelli Krushi Homes Orphanage to promote the health and well-being of the children. Around 120 children attended the camp and underwent general health examinations, including basic physical assessments and medical consultations. Essential medicines were distributed as per medical advice, and doctors provided guidance on maintaining personal hygiene, proper nutrition, and preventive healthcare practices. NSS volunteers ensured smooth coordination and assisted the medical team throughout the program. The initiative contributed to early detection of health concerns and reinforced the importance of regular medical check-ups in ensuring the overall development and well-being of children.
