

EVENT REPORT ON WORLD DIABETES DAY CAMPAIGN

Date of the Event : 14-12-2023

Venue : CMRTC

Organizer : NSS CMRTC

Program Officer : M. SAAHUL

Number of Participants : 100+

Description of the Event : On 14-12-2023, the NSS Unit, organized a World Diabetes Day Awareness Rally at Medchal, in collaboration with CMR Hospital and Medical College. The rally aimed to create public awareness about diabetes prevention and management, with a special focus on Type 2 diabetes, which is increasingly prevalent due to lifestyle factors. The awareness rally emphasized the importance of early diagnosis, regular health check-ups, balanced nutrition, physical activity, and the adoption of healthy lifestyle habits to prevent and manage diabetes. NSS volunteers actively participated by carrying informative placards, displaying key messages related to diabetes awareness, and engaging with the public to spread essential health information. Medical professionals from CMR Hospital and Medical College supported the initiative by guiding volunteers on accurate health messaging and preventive measures. The rally received positive responses from local residents, who appreciated the efforts made to educate the community on such a critical health issue.
