Workshop on Design Thinking, Critical Thinking & Innovation Design

Date: 23-02-2026 & 24-02-2026

Duration: 10 am to 4pm on both days

Activity Level: 3

Expenditure: 5000

Activity Category: Workshop / Interactive Session

Theme: "Innovate with Purpose: Transforming Ideas into Impactful Solutions."

Brief Description of Session:

The session on "*Design Thinking, Critical Thinking & Innovation Design*" is organized to introduce participants to creative problem-solving methodologies essential in today's competitive and technology-driven world. The program focuses on nurturing innovative mindsets by integrating analytical reasoning with structured design approaches.

Through interactive discussions, case studies, and brainstorming activities, participants will explore the principles of empathy, ideation, prototyping, and testing within the framework of design thinking. The session also emphasizes the importance of critical thinking in evaluating ideas logically and developing sustainable, user-centric solutions.

By combining creativity with analytical skills, the workshop aims to empower students to address real-world challenges innovatively, fostering entrepreneurial spirit and research-oriented thinking.

Expert/Speaker details:

Name: T.Ravinder

Designation: Technical Account Manager, Global Customer Success.

Organization: SAP Integration Specialist

Speaker Profile Link: ravinder.tananki@gmail.com

Brief about Expert/Speaker: SAP Integration Specialist

Specialist in SAP Integrations, Mobile Applications Integration

- Developed and executed integration strategies for SAP solutions, facilitating smooth data flow and process efficiency.
- Worked closely with clients to assess requirements and deliver customized SAP mobile application solutions.
- Analyzed system performance and provided recommendations for enhancements and optimizations.
- Conducted regular follow-up meetings with stakeholders to review project progress and address any concerns.

Objective of the activity:

Encourage participants to understand the principles and stages of Design Thinking and Innovation Design. Inspire students to apply critical thinking skills in analyzing problems and developing practical solutions. Promote creativity, collaboration, and entrepreneurial mindset aligned with institutional innovation initiatives.

Outcome of the activity:

The session aims to educate, inspire, and empower participants to adopt structured innovation methodologies for solving real-world problems. Students develop enhanced analytical, creative, and problem-solving skills, contributing to a stronger innovation culture within the institution.

Participant Details:

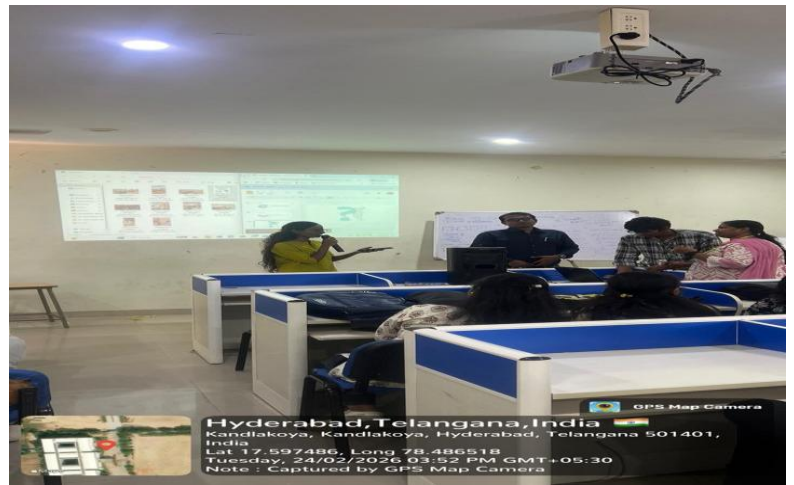

The Participants gain a deeper understanding of Design Thinking frameworks and their application in real-life scenarios. Learners connect creativity with logical reasoning, recognizing how innovation and critical thinking drive personal development and institutional growth, aligning academic learning with future career opportunities.
