

# INSTITUTION'S INNOVATION COUNCIL (IIC)

## CMR TECHNICAL CAMPUS

### UGC Autonomous

Accredited by NBA & NAAC with 'A' Grade

Approved by AICTE & Affiliated to JNTUH

Kandlakoya, Medchal Road, Hyderabad-501401

#### Session Details:

**Title of the session** : Innovation & Entrepreneurship outreach program in Schools

**Date:** 21/02/2026

**Duration** : 5 hours

**Activity Level** : 02

**Expenditure** : 5000/-

**Activity Category:** IIC

**Theme** : Giving awareness regarding "Innovation & Entrepreneurship outreach program in Schools"

**Venue** : Government High School, Malakpet, Hyderabad .

#### **Outcome of the activity :**

Organizing an Innovation & Entrepreneurship (I&E) outreach program in schools/community fosters a culture of creativity, problem-solving, and entrepreneurial thinking among young minds. Programs typically feature hands-on workshops (e.g., design thinking, ideation), mentoring sessions, and interactive competitions to teach skills like product naming, target market identification, and pitching.

Key outcomes from these activities include:

- Students gained an understanding of innovation and entrepreneurship in healthcare and technology.
- Enhanced awareness of the role of School Innovation Councils (SIC) and Atal Tinkering Labs (ATL) in nurturing young innovators.
- Encouragement for students to explore problem-solving and startup opportunities. • Students expressed enthusiasm for further learning and participating in future innovation-related activities.

#### **Key Highlights :**

Introduction to Innovation & Entrepreneurship

- We gave an insightful overview of innovation in healthcare, emphasizing the importance of technology-driven solutions.
- We explained how scientific research, creative problem-solving, and business skills contribute to building successful enterprises.

Real-World Examples

- The session covered breakthrough innovations in medicine and technology and how

entrepreneurial ventures are transforming healthcare.

- We shared case studies of young innovators and startups that have successfully developed medical and scientific solutions.

### **Interactive Engagement with Students**

- Students actively participated in discussions, brainstorming creative solutions for real-world challenges.
- The session included an idea exploration activity, encouraging students to think about problems in healthcare and how innovation can address them.

### **Encouraging Future Entrepreneurs**

- We guided students on how they can leverage Atal Tinkering Labs (ATL) and School Innovation Councils (SIC) to develop their ideas.

---

### **Participant Details:**

Total no. of School Student participation : 112

Total no. Institute Student Participation for School :50

Total no. of Staff (Teaching/Non-teaching) participation: 04

Three to four Photographs/Screenshots that show the participation of students and staff (Teaching/Non-teaching)

### **Conclusion :**

The session was highly engaging and informative, providing students with the motivation and foundational knowledge to explore innovation and entrepreneurship. Moving forward, the Institution's Innovation Council (IIC) plans to

- Organize mentorship programs and innovation challenges for students
- Provide support for students interested in pursuing their innovative ideas through incubation programs.
- Collaborate with schools and research institutions to create a strong entrepreneurial ecosystem for young innovators.

This program successfully inspired students to think innovatively and explore entrepreneurial opportunities, marking a significant step toward building a culture of innovation in schools.
