Session Details:

Title of the session: Thematic Research based Hackathon/Ideathon in Campus (AgriThon 2026)

Date: 18-02-2026

Duration: 08 hours

Activity Level: Full Day

Expenditure: 2,400 (Two Thousand Four Hundred only)

Activity Category: Thematic Research based Hackathon/Ideathon in Campus

Theme: Cross Disciplinary Thematic Research and Output Enhancement

Brief Description of Session:

The Department of CSE (AI & ML), in association with IIC 8.0, organized "AgriThon 2026", a 6-hour hackathon focused on the theme "AI in Agriculture." The hackathon provided students with hands-on experience in developing AI-driven solutions for real-world agricultural challenges. Participants worked in teams to design innovative and practical solutions using Artificial Intelligence techniques. The event began with opening speeches by the Director, Dean, and HODs, followed by hackathon sessions conducted in FN and AN slots. The event concluded with the announcement of winners and vote of thanks.

Jury Member Details:

Name: Dr. K. Mahesh

Designation: Associate Professor

Organization: CMR Technical Campus.

Brief about Jury:

Dr. Mahesh Kotha is a dedicated academician and researcher currently serving as an Associate Professor in the Department of Computer Science Engineering (Artificial Intelligence and Machine Learning) at CMR Technical Campus, Hyderabad. He holds a Ph.D. and has demonstrated strong expertise in areas such as artificial intelligence, machine learning, cloud computing, big data analytics, data science, and software engineering. With a substantial research portfolio comprising over 50 publications in reputed journals and conferences, along with authored books and multiple patents, Dr. Kotha has made significant contributions to emerging technologies including AI-based systems, blockchain, and optimization techniques for big data. He has received several academic recognitions and awards from prestigious institutions such as Google, IIT Kanpur, and NIT Warangal. As an active member of professional bodies like ISTE and the Institution of Engineers, he continues to contribute to research, innovation, and academic excellence while mentoring students and collaborating on interdisciplinary projects.

Name: Dr. Md. Shareef

Designation: Associate Professor

Organization: CMR Technical Campus.

Brief about Jury:

Dr. Mohammad Shareef Md is a committed academician and researcher currently serving as an Associate Professor in the Department of Computer Science and Engineering (Artificial Intelligence and Machine Learning) at CMR Technical Campus, Hyderabad. He holds a Ph.D. in Computer Science and has extensive teaching experience across national and international institutions, including his tenure as a Lecturer at Arba Minch University, Ethiopia. His areas of expertise include artificial intelligence and core computer science engineering concepts. Dr. Shareef has contributed to research through multiple journal articles and conference publications, with work spanning emerging technologies and applied computing. He is a life member of the Indian Society for Technical Education (ISTE) and has also contributed to innovation through a patent on an IoT-based 3D printer system. His career reflects a strong dedication to teaching, research, and the advancement of technology-driven education.

Objective of the activity:

- To provide hands-on exposure to AI applications in agriculture.
- To encourage innovation and problem-solving using AI technologies.
- To promote teamwork, collaboration, and time management skills.
- To enable students to apply theoretical AI knowledge to real-world use cases.
- To foster research orientation and technological innovation among students.

Outcome of the activity:

By the end of the hackathon, participants:

- Gained practical experience in building AI-based solutions using Python and related tools.
- Enhanced problem-solving abilities in real-world agricultural contexts.
- Improved teamwork, communication, and time-management skills.
- Understood emerging AI techniques and their applications in agriculture.
- Improved readiness for careers in AI, Data Science, and technology-driven innovation.

Participant Details:

Total no. of Student participation: 53(Each team consisting of 2–3 members)

Total no. of Staff (Teaching/Non-teaching) participation: 4
