- Sponsored by organizations such as the **DC-MSME (Ministry of Micro, Small & Medium Enterprises)**, EAPs aim to motivate individuals to view entrepreneurship as a viable career option rather than merely seeking employment

1. Objective of the Program:

The primary objectives of the Entrepreneurship Awareness Programme include:

- **Motivating Potential Entrepreneurs:** To identify and inspire traditional/non-traditional entrepreneurs, students, and unemployed youth to consider setting up micro and small enterprises.
- **Fostering Entrepreneurial Culture:** To promote an entrepreneurial mindset and awareness of self-employment opportunities across different sectors of society, including women, SC, ST, and physically challenged individuals.
- **Information Dissemination:** To inform participants about support systems, government schemes (e.g., PMEGP, Mudra), incentives, and infrastructure available for starting new MSMEs.
- **Ideation and Feasibility Study:** To guide individuals on how to identify business opportunities, conduct market analysis, and evaluate project viability.
- **Skill Development Awareness:** To highlight the importance of technical and managerial skills needed for the successful operation of a business

2. Benefits /Outcome of the Program:

The key outcomes of the EAP typically include:

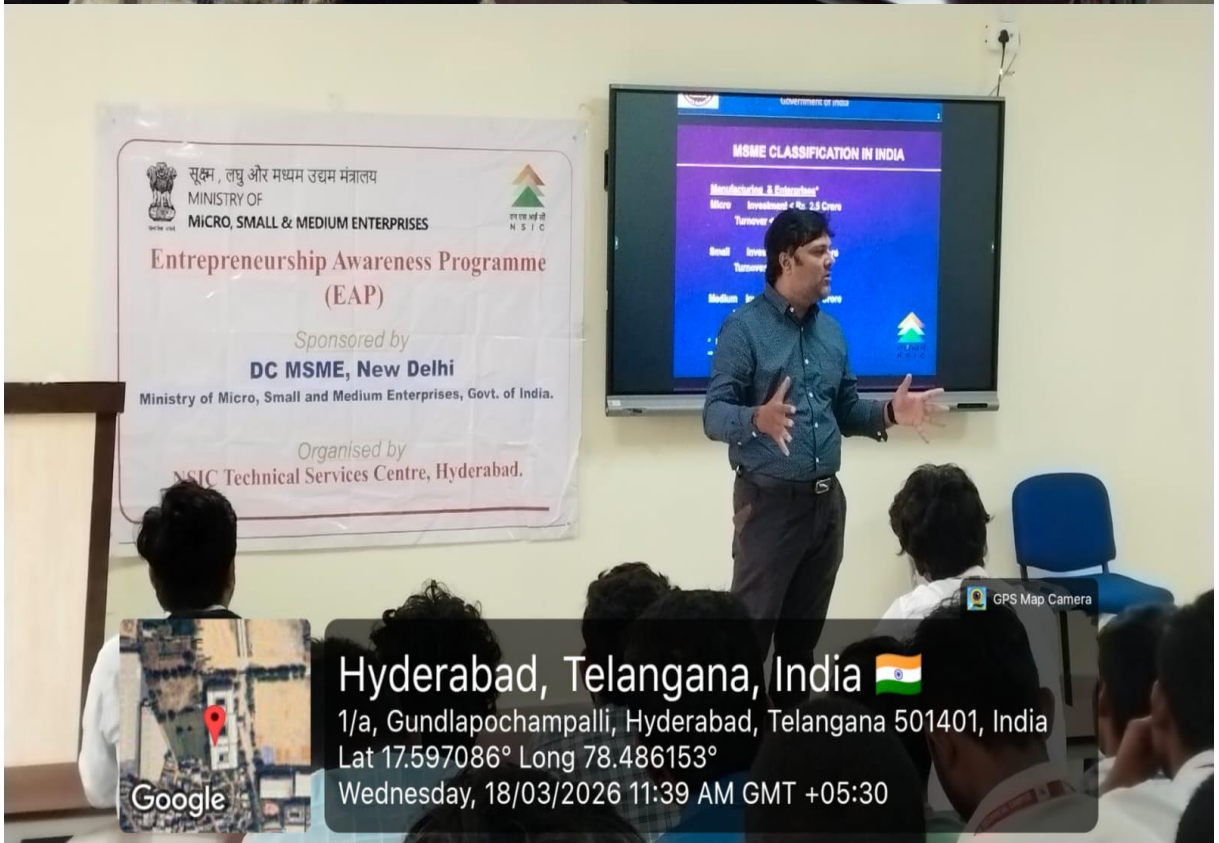

- **Increased Awareness:** Participants gain a thorough understanding of the requirements, risks, and rewards of entrepreneurship.
- **Motivated Individuals:** Participants are motivated to transition from being job-seekers to job-creators.
- **Ideation and Action Plan:** Participants are able to formulate initial ideas and receive guidance on setting up their own ventures.
- **Interaction with Experts:** Direct access to successful entrepreneurs, bankers, and industry experts for mentoring and counselling.

- **Networking:** Enhanced networking opportunities with industry associations and financial institutions.
